

The University of Medicine and Health Sciences now has an *android* App available for the LMS (Learning Management System). This new App provides you mobile access to many of the features, course content, and activities you find on the UMHS LMS. *(currently only available for android devices)*

To set up the **UMHS LMS App** on your mobile device please follow these steps:

1. Have the online App provider '**Aptoide**' store on your device.  
<https://umhs-mobile-app-for-android.en.aptoide.com/>
2. Search for 'UMHS' in the Aptoide store *(it is a free application)*
3. Download the App to your mobile.
4. Login to the App with your personal LMS credentials.
